## MOLLE MESH VEST

The **David MOLLE Mesh Vest** is a great choice for a wide range of tactical situations as law enforcement and military personnel who need a lightweight and comfortable vest that can be easily customized.

The **David MOLLE Mesh Vest** is a lightweight and breathable tactical vest made from durable polyester mesh. It features tough side adjustment straps and shoulder length adjusters for a comfortable and secure fit.

The rear panel is fitted with sturdy horizontal PALS loops for attaching ID panels or pouches, and the vest also comes with two full-size chest pockets and a sturdy emergency drag handle.

The PALS webbing throughout the vest allows for easy customization.

### Features:

- 360° MOLLE Integrated system.
- Two full size internal front pockets secured with YKK zippers with zip pulls
